THE AUBRAC BREED

Auctioneer: **Mr Tom Cox**
(By Kind Permission)

CONDITIONS OF SALE

1. These conditions and where appropriate at auctions, these conditions together with the General Auctions Conditions of Sale, form the basis of the contract between the Vendor and the Purchaser, and from the contract, all conditions and warranties implied under the Sale of Goods Act 1893 and the Sale of Goods and Supply of Services Act 1980, or any law or custom or usage as expressly excluded.
2. In the event of a sale by Auction and there arising a conflict between the Conditions and the General Conditions of the Auction, these Conditions shall prevail.
3. All animals are sold as they stand and the Purchaser is deemed to have examined each animal and fully satisfied himself or herself about the animal prior to sale.
4. **Pedigree Certificates for all animals have been sent to the Aubrac office before the Sale and will be sent to buyer or returned to owner from the office after the Sale.**
5. Animals shall be presented in a clean and quiet condition.
6. Health status:
30 day TB test + BVD test + Genomic test + Exported tested. (Myostatin tested optional)
7. **Parentage Verification: (Dam and Sire verified) requested for all animals.**
8. **Export tested means that the animal has been TB tested and is therefore eligible for export within 30 days of test. Animals that have attended another mart in previous 30 days are not eligible for export purposes. Export test is optional for this sale.**
9. **MEMBERS ARE REQUESTED NOT TO ADVERTISE STOCK FOR 2 WEEKS BEFORE THE SALE.**

Irish Aubrac Cattle Breed Society Ltd.

Tel: 051 641106 Email: info@aubrac.ie

www.aubrac.ie

The Aubrac breed is a suckler cow breed originating from the mountainous areas of Southern France where conditions are harsh. Originally used for milk and draft, it has retained milking ability and placid temperament which added to natural beefing ability, hardiness and low production cost make it a very complete suckler cow.

The Aubrac is a well-muscled medium sized animal which feeds well on low cost roughage: grass and hay. In France, they live at an average altitude of 3,000 feet and forage during the summer months on poor vast pastures. Their hardiness, docility and economic traits have been the determining factors in their selection. The most important factor in this selection is to produce a live calf every calendar year for as many years as possible (this means the original investment is well paid back). The calf is hardy and lively at birth. The average calf size is 40kg for a bull calf and 38kg for a heifer. An adequate supply of milk means an average weight at weaning with no extra feed is approximately 360kg for a male and 300kg for a female. The bull calves are sought after by Italian buyers who are familiar with the advantages of a breed they have been buying

from France for generations. Bulls finished in Ireland have consistently graded U and E and the breed's excellent feed conversion allows the animals to finish quickly at any age and with a quality carcass. The Aubrac's meat to bone ratio is exceptionally high and they are in great demand with butchers. The meat is dense, slightly marbled and tasty.

As a suckler cow, the Aubrac offers the advantages of a Pedigree animal (generations of selection, consistency of production, and higher sale value of progeny) coupled to hardiness and maternal qualities that allow the cows to be run in the same manner as a commercial herd. The cows do not need to be fed concentrates, just adequate forage and minerals.

As a bull for crossing on commercial and dairy herds the breed has proven itself, producing easily born calves that finish well for the males and make excellent replacement heifers for the females.

The Irish Aubrac Cattle Breed Society was formed in 1998 and now counts just over 200 breeders. The Society keeps a selection of French semen and offers breeders advice on the choice of A.I. bulls.

HELPFUL HINTS FOR NEW BREEDERS

Joining the Society should be considered as soon as convenient. It is important to have all paperwork in order before the calving season starts. To encourage new breeders to join before the beginning of the year, first memberships paid from the 1st of September include the following year (instead of paying membership in the autumn and then again on Jan 1st)

Calf registrations are done through ICBF (Irish Cattle Breeding Federation) and Animal Events. Breeders are requested to sign the

ICBF acceptance form as well as the Society's membership application.

All A.I. dockets must be forwarded to the Society and all Stock bulls must be DNA tested (kits available from the Society) at the breeder's expense, for the resulting calves to be registered as Pedigrees. On purchasing in calf females, the buyer must ensure those conditions are met so he can register his future calves.

When all registration criteria are met, and all fees paid, the breeder receives his full Pedigree Cert.

SALE RULES

- Members must be fully compliant at the time of entry.
- A €30 entry fee must be paid to the Society per animal entered.
- Any animals being presented for Sale and unsold cannot be re-entered until all other animals have been sold, they can then be re-entered in order.
- The Society will not be held accountable for any loss or damage, and the responsibility goes back on the breeder for the information provided.
- All animals must be on Tullamore grounds by 10am
- Animals will be in pens in order of sale.
- Each pedigree animal must be accompanied by Full Pedigree Certificate which must be surrendered when animal is presented for admission to the sale.
- Exhibitors alone are responsible for the correctness of all the particulars in the entries and of the animals in this catalogue.
- All animals will be sold in Euro and 5% commission charged to the purchaser on all animals sold including those purchased privately on the sales premises at the time of the sale.
- The exhibitor, or his agent, may when the animal is in the ring authorise the Auctioneer to sell at any price, except breeding bulls, which must reach a minimum price of €2000.
- The highest approved bidder shall be the purchaser, and if any disputes arise as to any bid the animal in dispute shall be put up again at the last undisputed bid and resold, or the Auctioneer may declare the purchaser. The Auctioneer reserves the right to refuse any bid without giving a reason for doing so.
- All lots will become the absolute property of the purchaser from the fall of the hammer and must be paid in full immediately after the sale and removed with all faults and errors of description at the close of the sale. This does not relieve exhibitors of their responsibilities under auction sales animals purchased for export which must be retained by the exhibitor until shipping arrangements are made and tested if necessary.
- Animals are sold as they stand, and any known defects will be announced by the Auctioneer at the time of sale. The Auctioneer acts as agent for Vendors and any action taken by purchaser must be against the Vendor and not against the Auctioneer or Breed Society.
- Exhibitors alone are responsible for the feeding, watering and safe keeping of their animals. Exhibitors alone are responsible for any damage, loss or injury caused by unmanageable animals. The Society accepts no responsibility. Buyers are responsible for animals sold and sellers for unsold animals and any damage caused.
- Animals having passed through the Sales Ring may leave the Mart grounds under a delivery order to be obtained from the Auctioneer.
- The Council reserves the right of refusing any entry without giving their reasons for doing so.
- Objections or complaints must be made in writing with the Secretary of the Society not later than 9pm on the day of the sale and must be accompanied by a deposit of €7 which will be forfeited if objection or complaint is not upheld.
- While every care has been taken in compiling this catalogue, neither the Society, Auctioneer, or Vendor shall be responsible for any inaccuracies therein.
- In all cases of dispute, the decision of the Society is final.

BREEDING GUARANTEES – MALES

1. Save as hereinafter provided, no warranty whatever is given as to the performance of fertility of any bull, and the purchaser is hereby invited to insure against this, or any other risks connected with the bull, at his own expense.
2. The Vendor shall and does hereby provide the following guarantees as to fertility with each bull sold.
 - a) No guarantee whatever as to fertility is given with a bull under the age of nine months at the date of sale, unless otherwise stated in writing.
 - b) Subject to the conditions hereinafter set out, the Vendor guarantees that the bull is capable of putting a cow or heifer in a state of pregnancy by natural service within four months of the date of sale or within four months of attaining the age of fourteen months, whichever is the later. This guarantee shall be deemed to be fulfilled whenever one female animal is proven to be in calf by natural service to that bull. A bull shall not be deemed to be incapable of putting a cow or heifer in a state of pregnancy by natural service on a semen test only.
3. The foregoing guarantee is subject to the following conditions:
 - a) The bull shall be fairly tried with a view to him putting a cow or a heifer in a state of pregnancy by natural service within two months of the date of sale or within two months of attaining the age of fourteen months, whichever is the later. For the purpose of this paragraph, "fairly tried shall not be deemed to have occurred when less than three female animals in season have been properly presented to or run with the bull.
 - b) If upon purchase of the bull, it found impractical for the buyer to fairly try the bull within the period stated at paragraph 3a above, due to the Purchasers normal calving programme, the Vendor must be informed in writing immediately after the sale of the month in which it is proposed to commence using the bull. At the discretion of the Vendor, the date of commencement of the trial period may be extended to the first day of the month in which the buyer has notified them as aforesaid that he proposes to commence using the bull. The Vendor shall not unreasonably refuse to extend the time and in any event shall communicate his decision in writing to the Purchaser within seven days of receipt of the said notice in writing from the Purchaser.
 - c) The Purchaser shall give notice in writing by registered letter to the Vendor of an inability of the bull to put a cow in a state of pregnancy by natural service or a suspected inability in this respect, not before the expiration of one month nor after the expiration of three months from the date of sale of the bull attaining fourteen months, or any extension for the commencement of the trial period granted pursuant to Paragraph 2b above, whichever is the later.
 - d) On receipt of the notice referred to a Paragraph 3c above the Vendor shall forward to the purchaser a bull fertility report, which shall be completed by a qualified veterinary surgeon and returned to the Vendor within thirty days of the date of issue, accompanied by a certificate by a qualified veterinary surgeon declaring that the inability to put a cow or heifer in a state of pregnancy by natural service is not the result of injury, accident, disease or neglect happening after the sale, and that he has examined the cows or heifers to which the bull has been tried, and has found them in normal breeding condition and that they are not responsible for the bull's inability to put a cow or heifer in a state of pregnancy by natural service.
 - e) The Purchaser shall give the bull every opportunity of proving himself capable of putting a cow or heifer in a state of pregnancy by natural service within the period of four months mentioned in the guarantee in paragraph 2b above and shall (if required) allow the veterinary surgeon appointed by the vendor to examine and try the bull and in addition shall (if required) allow the Vendor to remove the bull to the Vendor's own or other premises in order to try the bull.
 - f) In the event of the Vendor and the Purchaser failing to agree on whether or not the bull is capable of putting a cow or heifer in a state of pregnancy by natural service in accordance with the foregoing provisions, or in the event of any other dispute arising between the parties concerning the implementation or interpretation of this agreement, the said dispute shall be and is hereby referred to arbitration by a single arbitrator, to be agreed between the Vendor and the Purchaser (or in default of agreement to be nominated by the President for the time being of the incorporated Law Society of Ireland), such arbitration to be conducted in accordance with the Arbitration Acts 1954 and 1980. The aforementioned referral to arbitration shall be a condition precedent to the commencement of any other legal action.
 - g) In the event of the Vendor and Purchaser (or in default the arbitrator) concluding that the bull is incapable of putting a cow or heifer in a state of pregnancy in accordance with the foregoing provisions of this agreement, then the Vendor shall
 - i) Be bound to accept the return of the bull and on delivery of it on to his premises (unless some other agreement shall be mutually agreed upon) to refund to the Purchaser the whole of the purchase price of the bull together with the expenses of the Purchaser's veterinary surgeon, the cost of carriage from

the Purchaser's premises to the Vendor's premises, the carriage and keep of the bull from the date of notification of the claim, provided however that such expenses and costs shall not exceed an amount equal to 10% of the sale price of the bull.

- ii) Pay the cost of the arbitration and the arbitrator in accordance with any direction given by the arbitrator in this regard. Save

as aforesaid the Vendor shall not be under any liability whatsoever to the purchaser in respect of loss sustained by the Purchaser however this loss arises and whether it is consequential or otherwise.

- h) The Society and/or Auctioneer shall not be under any liability whatever to the Purchaser in respect of any loss sustained by the Purchaser howsoever arising, whether it is consequential or otherwise.

BREEDING GUARANTEES – FEMALES

Any cow or heifer that is stated by the Vendor as having been served or artificially inseminated not less than 12 weeks before the date of the sale be guaranteed in calf to the service date of artificial insemination and to the bull stated, unless any alteration to the service particulars is announced from the rostrum or by the Vendor at the time the animal is sold.

The term running with the bull implies no guarantee unless specifically stated by the Vendor at the time of sale, neither shall the provision by the Vendor of a certificate of positive pregnancy imply any such guarantee, this being merely an expression of opinion.

Every heifer sold as unserved shall be so guaranteed.

No claim under these rules will be effective unless made to the Auctioneer or to the Vendor within the following time limits, as applicable, Vis:

- a.) In the case of a cow or heifer which sold as being in calf and proves not to be in calf – within 49 days of the date of sale.
- a.) In the case of a cow or heifer which, although in calf, does not calve to the stated service or insemination date: within two calendar months of the date that the animal should have calved according to the particulars of service or insemination stated in the catalogue of sale. In all such cases no claim will be admissible unless there is an interval of more than four weeks between

the presumed due date (according to the stated particulars of service or insemination) and the actual calving date. Note the average gestation for cattle is 283 days.

- a.) In the case of a cow or heifer which produces a calf to a different bull to that stated by the Vendor: within 48 hours of the calving date such information to be submitted to the Auctioneer or Vendor by telephone or telegram and subsequently confirmed in writing. Note: Where a cow or heifer calves at a later date than the due date then the onus of proving the identity of the service bull shall be upon the Vendor.
- a.) In the case of a heifer sold as unserved and which subsequently proves to be in calf: within six calendar months of the date of sale.
- a.) In the case of a maiden heifer which proves incapable of breeding because of malformation or abnormality of the genital system: not before the animal attains the age of twenty-seven months and no claim under this rule will be admissible after the animal has attained the age of thirty months.
- a.) Any female (cow or heifer) that has been flushed for embryo transplant will be excluded from the terms of this guarantee, but individual Vendors of such animals shall have the option of giving their personal guarantee: to be announced at the time of sale.

No claim will be admitted under these rules where it can be proved that a cow or heifer is carrying a mummified calf or has aborted or re-aborted a foetus and no guarantee is given or implied that any cow or heifer will carry a calf full term. All claims must be submitted to the Vendor and the Secretary of the Society and shall be resolved in accordance with the provisions of clause f of this agreement. This agreement shall be interpreted in accordance with the law of the Republic of Ireland.

IMPORTANT NOTICE

Change of ownership is the responsibility of the seller to return the original certificate to the office at the time of sale and the buyer to pay €20 to renew the certificate. It is the Commission Decision 2005/379/EC that requires the name and address of the breeder and owner recorded on the Pedigree certificate. Animals cannot be used as pedigree in new owners' herd if transfer is not done.

NEW BULLS IN AI

DEERPARK ROWE MALE DoB 22/11/2022 AU953

HB No: 372213548891089

BREEDER: Tomas & James Lacey,
Deerpark Farm,
Carrick on Suir,
Co Tipperary.

PEDIGREE: Sire: 372213548840953
DEERPARK NEVIN
Dam: IE201038470742
CALVERSTOWN ECUREIL

COMMENTS: The bull was purchased for the easy calving, short gestation dairy market. Deerpark Rowe has a superb dairy beef index of €182 with exceptional carcass figures. Rowe's sire was also a contributing factor which led to his purchase. His sire Deerpark Nevin is a very impressive, medium sized bull with a super carcass. His progeny when inspected were extremely appealing to look at, with the group being very balanced & uniform with good birth weights. The straws will be available in early April in Dovea Genetics.

JOHNSTOWN PIRATE 1670 AU9277

HB No: 372213578622071

BREEDER: Francis Donohoe,
Westmeath, Ireland

PEDIGREE: ROUSSEL
Johnstown Ian 1039
Johnstown Emma 14
DOLBY
Johnstown Karen 6014 ET
Crueize Tracy

COMMENTS: Pirate's sire Ian has bred exceptionally well in the Johnstown herd. His sire Karen is a picture perfect example of the Aubrac breed; Length of loin, impeccable udder, breed character, docility, function and natural muscling. Pirate will suit breeders and the ever-growing dairy market.

DBI €190, 3.6% CD on dairy cows.
25 kg's carcass, 2.52 conformation.

Minus 0.17 days for gestation length.
Top maternal and terminal indexes.
